AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of availability of the final Eagle Mountain Landfill and Recycling Center Project Environmental Impact Statement/Environmental Impact Report.

SUMMARY: In accordance with Section 202 of the National Environmental Policy Act of 1969, a Final Environmental Impact Statement/Environmental Impact Report (EIS/EIR) has been prepared for the Eagle Mountain Landfill and Recycling Center Project by the Bureau of Land Management (BLM) and County of Riverside. Mine Reclamation Corporation and Kaiser Eagle Mountain, Inc. Have proposed to develop a Class III nonhazardous municipal solid waste landfill, primarily a waste-by-rail facility, on a portion of the Kaiser Eagle Mountain Mine, Riverside County, California. The proposed project also includes the renovation and repopulation of Eagle Mountain Townsite and a Specific Plan, General Plan Amendment, Change of Zone, Development Agreement, Revised Permit to Reclamation Plan, and Tentative Tract Map with the County. The proposed project includes a land exchange, involving about 3,481 acres of public land, and application for two rights-of-way with the Bureau of Land Management. The EIS/EIR analyzes the effects of the proposed action and alternatives on such environmental

issues as desert tortoise, air and water quality, and wilderness. The EIS/EIR describes and analyzes six alternatives in addition to the proposed project. The BLM's preferred alternative is the proposed action. Statements concerning the proposed action will be considered in preparation of the Record of Decision.

DATES: Written statements on the Final EIS/EIR must be submitted or postmarked no later than February 22, 1997.
